Romagnola bulls can produce calves that are lively, grow quickly, and produce tremendous muscular carcasses that can yield in the 65% range or better, even when bred to inferior cows. The meat is tender, moist, lean, and full of flavor.

T

he RRA wants to take the time to sincerely thank you if you can make it to our sale. If you cannot personally attend, you may call in a bid before or during the sale. In any event, we are proud that you have considered our program and Romagnola/RomAngus cattle. In this ever-changing world where nothing seems to stay the same, it's comforting to know that you can still invest in a breed of cattle that is known for certain economically beneficial commercial traits that are consistent and very predictable.

Travel:

Nashville and Memphis have municipal air service. Paris, TN and Murray, KY have county airports; the Paris airport is only about 10 miles from the sale site, and the Murray airport is about 35 miles. If you need to be picked up at the Paris or Murray airports, just let us know in advance!

YOU ARE INVITED!!!

Romagnola Breeders Sale

Saturday, November 3rd, 2012 1:00 p.m.

Animals will be penned with a data sheet corresponding to the Sale Catalog for each lot that is selling. Prospective bidders pre-register with the sales clerk. You will be given a buyer's card with your identification number. This gives you the right to participate in the sale without any obligation to bid or buy. After inspecting the cattle, the sale will begin at 1:00 p.m. The cattle will be shown as per lot offered. Terms of the sale are check or cash at time of sale unless satisfactory arrangements have been made with the seller prior to the sale. All full-blood registration papers will be sent to the RRA office for transfer to the buyer within 30 days after the sale. Animals can be loaded out after checking out when the sale is over. Present your health papers and receipt on the animal(s) to the men at the load-out area.

Prospective buyers unable to attend the sale may call in or e-mail their bids to Mike Quickel or Carlton Laxton in advance of the sale. Please establish credit prior to the sale through Carlton Laxton or Mike Quickel. On sale day, you may call in a bid to a representative over the phone;

The contacts are as follows: (931) 622-1811 (Mike Quickel, RRA President)

(quickel@waverly.net)

(731) 431-7590 (Carlton Laxton, Cherokee Ranch)

(carltonlaxton@gmail.com)

(731) 642-0456 (Dr. Chuck Lyons, Outback Romagnolas)

(doclyons@outbackromagnolas.com)

Those unable to attend must register to bid and make arrangements prior to sale day by calling Mike Quickel (931) 622-1811.

Health:

Health tests should be performed as per the requirements and regulations of Tennessee. Registration papers will be available on sale day.

Terms and Conditions:

1. Bidding: Each animal will be sold to the highest bidder without reserve. Auctioneer to settle any disputes.
2. Transportation is the responsibility of each buyer. There may be one or two private or commercial haulers available at the sale.
3. All cattle should have been vaccinated, wormed, and have a current health exam.
4. Each animal becomes the risk of the purchaser as soon as sold.
5. Terms of the sale are check or cash unless satisfactory arrangements have been made with the seller prior to the sale. If credit has been extended by seller on a lot or lots, the seller must come to the check out table and sign a release form stating he is responsible for collecting the monies for the lot and release the animal to load out.
6. All animals must be checked out by the desk, and the buyer must be able to present a check-out sheet and health paper on each lot purchased to the men responsible for loading animals after the sale before any animal can be loaded.
7. All bulls have a "Satisfactory Breeder" semen test done within 30 days of the sale by a licensed Veterinarian or a professional collection center. All bulls are guaranteed to pass a semen test within 30 days after the sale. If they shall fail such test, another test shall be performed by a party mutually agreed upon and the results shall be binding. If the bull fails this test, buyer has a total of 15 days to return the bull to the seller, providing the bull is in the same condition as he was sold, for a replacement bull of equal or greater value, or full refund if no satisfactory replacement is found.
8. Registration papers shall be sent to the buyer within 45 days of the sale.
9. All females that are sold as bred are guaranteed to be bred. Buyer has 30 days to return a female after the sale if examined by a licensed veterinarian and found open, and had not calved between the sale and the return of the animal.
10. Open or exposed females are guaranteed to breed within 90-120 days of the sale if they are exposed after the time they reach sexual maturity. This is usually around 14-18 months of age. If they are found to be non-breeders, they shall be returned to seller at buyer's expense. The seller has 90 days to breed the female or refund the sale price. The female must be returned to seller in good body condition and in good health or the guarantee is void.
11. All sales are final unless herein guaranteed and stated.
12. Any changes in information will be announced from the auction box, and any such announcements will take precedence over the catalog information.
13. No cattle will be loaded out until 30 minutes after the sale to give the desk time to organize check-out, return all cattle to their pens, and give the workers time to assemble at the load-out area.
14. All bidders must check in at the registration desk before the sale to obtain a bidder number. Please check in as early as possible to help the desk.
15. Neither board members, company employees, nor any other person connected with the management of this sale assumes any liability for the safety or welfare of any animal, person or persons attending this sale, and shall be held harmless against any possible mortality or morbidity of any person or animal.
16. Rights and Obligations: The above terms and conditions of sale shall constitute a contract between buyer and seller. Any dispute arising from cattle sold by the RRA that can not be resolved, shall be resolved in Henry County Tennessee.

RomAngus Advantage: Perfect Beef

Romagnola Bulls

Angus Females

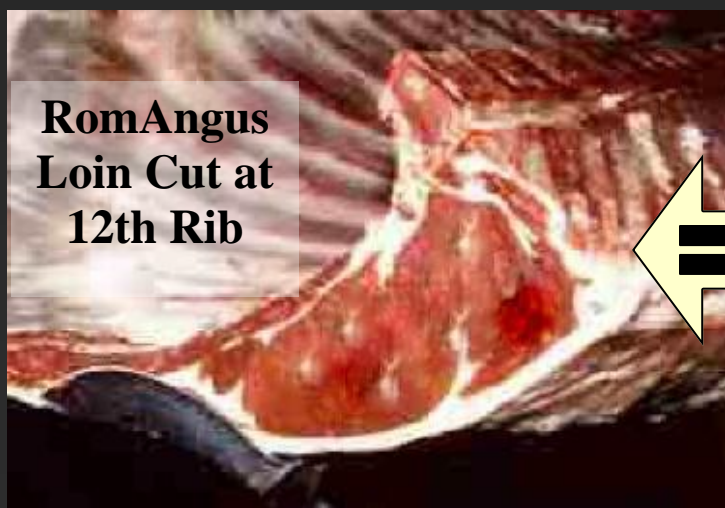

**Trim This Fat
With
Romagnola
Genetics**

Do you want to remove this back fat from your carcass? Trim it off genetically with Romagnola, and infuse a fine-grain beef fiber with adequate marbling in the

muscle that cuts choice. A RomAngus Calf will add 3+ pounds of choice-cut beef per day and good leg bones to its carriage.
